

Focus on the *Workout...*  
*Not the Floor*

- Durable Dual-layer Vulcanized Rubber
- 55% Recycled Rubber Base Layer
- Superior Underfoot Feel and Comfort
- Slip-Resistant, Easily-Cleaned & Maintained
- Sound Absorbent
- Withstands Heavy Traffic and Use

Galaxy Ultra is manufactured in a dual-layer format. The top layer consists of a virgin blend rubber with a 10% marbled accent pattern, vulcanized to a bottom layer of SBR recycled rubber. The textured top wear layer is durable and provides a non-porous, safe, and resilient floor finish, allowing facility managers to focus on the workout, not the floor.
